NARCIS CLASSIFICATION
Classification codes of the scientific portal Narcis
www.narcis.nl

Introduction

The Narcis Classification is a framework of codes with which institutes and experts are classified and can be retrieved. The **D code** classifies on scientific disciplines. The classification also contains an **E code**. This code includes some interdisciplinary research fields. The Narcis Classification has been revised in the year 2015.

The Narcis Classification is used among others in the scientific portal Narcis, www.narcis.nl.
